Sir:

Applicants respectfully request the correction of typographical error in the title of the above-captioned patent application for which a Notice of Allowance was issued on September 24, 2008. The typographical in the title is the first occurrence of the word "Multi-Beveled" which appears incorrectly as "Mult-Beveled." Applicants respectfully request that the title be amended to correct the typographical error. The correct title is as follows: "Multi-Beveled Point Needle and Syringe Having a Multi-Beveled Point Needle".

Applicants believe no fees are due for the filing of this amendment. However, if any fees are due Applicants give authorization to charge Deposit Account No. 02-1666.

Respectfully submitted,
